Mr. Rohan Shrestha

LogPoint Nepal Pvt. Ltd.

Steel Tower, 3rd floor, Jawalakhel

Lalitpur, Nepal

Dear Mr. Rohan,

With reference to your advertisement in "The Himalayan Times" on August 16, I wish to apply for the position of Software Developer Intern.

I believe I have the necessary knowledge and capability for this position. My experiences and status as a second-year student at Deerwalk Institute of Technology in Computer Science makes me an ideal candidate for the internship.

I've researched that your company has been doing software development projects on C and JAVA platforms. This happens to be my field of expertise as well. It would be a great opportunity for me as well to work with the software team to coordinate development of new software features and resolve issues. In these 2 years at college, I've completed 3 semester end projects on C/C++ and 2 projects on JAVA.

I would be delighted to have an opportunity to personally interview with you. Please accept th enclosed resume and feel free to contact me at your earliest convenience. I appreciate your time and consideration.

Yours Sincerely,

Saras Karanjit
